

Asbestos Management Infographic

Do you have an asbestos management plan which incorporates all your properties built before 2000?

YES

NO

Do you have an asbestos register which documents all ACMs in your properties?

Develop an asbestos management plan in line with Regulation 4 of CAR. **core** can assist with this.

YES

NO

Have all ACMs been re-inspected at the recommended intervals?

Contact **core** in order that we can review your portfolio and make recommendations.

YES

NO

Is the location of all ACMs clearly identified within surveys which contain plans and photographic records?

Contact **core** in order to arrange re-inspections.

YES

NO

Did the re-inspection identify that remedial/removal work was required?

Contact **core** to arrange a review of your existing surveys to see if they meet current guidance - new surveys may be required.

YES

NO

Contact **core** for further advice and project management.

Continue management in accordance with your management plan and contact **core** to book your next re-inspection.

Are you planning any refurbishment or demolition? — YES

Contact **core** for your refurbishment/demolition survey.
